

# ENVIRONMENTALLY AWARE TRADING CERTIFICATE

## FISHY FILAMENTS

This certificate has been issued in recognition that the recipient has successfully implemented the recommendations outlined in an independent Environmental Performance review, as conducted by a qualified environmental surveyor. The review was completed on the 22nd February 2019 and has been conducted in accordance with Bioregional's One Planet Living Framework.

This review is part of a national program to assist SME's in developing more sustainable business practices. This program is funded by The Naturesave Trust which in turn is funded by leading ethical insurance provider, Naturesave Insurance.
